Request for Proposal

Atlanta Classical Academy, an Atlanta GA public school located at 3260 Northside Dr. NW, Atlanta, GA 30305, is exploring the replacement of their HVAC equipment consisting of an 80 TR Air-Cooled Chiller and Multi-zone Air Units with a Variable Refrigerant Flow System. The facility is comprised of two primary buildings – North and South – and the scope of work will be completed in the South Building. The facility has three floors and has a total square footage of approximately 30,800 sq ft. The project will consist of all engineering – electrical (primary and control wiring), mechanical, structural and possible architectural – to disconnect and remove the existing system and install the new system. Construction management will be for permit approval assistance, construction drawings review and for four (4) site visits during construction phase. All construction work is to commence June 1, 2019 and be completed by August 1, 2019.
