"Over the course of my academic career at ACA, so many teachers have had a positive influence on my life. As a lover of history, I have always had a deep appreciation for the humanitarian-approach that is infused into the curriculum. Two teachers, Mr. Nugent and Mrs. Stone, have helped foster my love of the past through their impassioned teaching. Mrs. Stone's holistic approach at understanding difficult texts and historical concepts has broadened the way in which I analyze the world around me."

- Lucy Respass, ACA senior
