

Athletics Philosophy

Atlanta Classical Academy encourages students, families, and faculty to pursue the core virtues of our school:

courage, courtesy, honesty, perseverance, self-government, and service. These core virtues form the basis for the philosophy behind all athletic endeavors at Atlanta Classical. We will compete to the best of our ability, striving to attain virtue, knowledge, and happiness. Atlanta Classical Academy recognizes that athletic teams enhance the atmosphere of the student body, providing students, parents, and faculty with the opportunity to express school spirit and build community. Athletic competition inspires and elevates the minds and characters of those who compete and those who watch. Therefore, all members of the Atlanta Classical family can support the athletic program in a variety of ways, including coaching, transportation, concession help, and attending events. A successful program is a demonstration of the entire school working together.
